Box and Packing Charge: A box and packing charge will be added to each order unless it is a “delivered box” special. During the winter months, we do add insulating wrap to protect your plants and flowers. There is an additional fee of \$5.00 for single winter wrap and \$10.00 for double winter wrap above any shipping charges. We have also started using heat packs to cut flower orders for added protection. There is a \$3.00 charge for each heat pack. COD orders are an additional \$15.00 (Shipping Carrier Charge).

Conditions of sale and terms of payment

1. All prices are exclusive of shipping with the exception of delivered box orders and box charges and are subject to change.
2. Credit Card, COD, or Net 30 secured with credit card for established accounts. Consistent customers receive preferential treatment when availability is low.
3. All Hawaii wholesale orders will be charged .5% General Excise Tax.

Shipping

Shipping rates are based on box weight. We use mainly Fedex 2-day Service and will ship UPS upon request. Upgraded service is available via Fedex in select areas. It takes 2 days for delivery anywhere East of the Rockies from Hawaii, regardless of upgrades. Alaska and U.S. Territory shipments require additional surcharge fees. Arizona plant orders may require additional fees due to Arizona State Regulations.

For the health of our plants and flowers, we prefer to ship Monday through Wednesday for same week delivery. Shipping over the weekend is not recommended.

Guaranteed Delivery

We guarantee safe delivery if we are allowed to choose the shipping method, allowed to withhold shipment until weather conditions are conducive to safe delivery and if someone is available to sign for a delivery receipt. We will pack everything with great care, but we will not guarantee that buds or blooms will not be damaged in shipment.

Neither Fedex nor UPS guarantee perishables, so if you are shipping to an extremely cold or hot climate, though we do take precautions, we can not be responsible for damage due to extreme cold or heat. We are also not responsible for shipping delays due to agricultural inspections, Acts of God or terrorism.

Damaged Shipments

We take great care in packing your order. If damage is evident upon receipt of an order, please keep all packing material and plants or flowers and report the damage to us within 48 hours. We may ask for documentation.

Ordering

We prefer to have our orders by Thursdays for shipment the following week. Larger or specialty orders may require additional time. Of course, we will always do our best to accommodate your needs.
